

MORE FROM WOOD.

## EGGER P5 Precision engineered T&G flooring board

Part of the EGGER  
**ADVANCED**  
Structural Flooring System

### Product Description

An enhanced moisture resistant T&G4 structural flooring board, EGGER P5 is recommended for internal projects and renovations. Every board is manufactured in the UK using diamond-tipped tooling to achieve a precision tongue and groove profile for a tighter, more consistent board joint.

- All sides machine profiled with precise tongue and groove profile
- Suitable for use in damp or humid environments, such as bathrooms and kitchens
- Profiled on all four sides for quick and easy installation
- When laid – leaves a smooth and level surface layer for subsequent floor coverings
- Ideal for extension, renovation and repair projects
- Raw materials sourced locally to minimise transport emissions
- Manufactured to the specification of EN 312
- 100% recyclable
- UKCA & CE certified with timber from sustainably managed forests.

Product Information	
Size	2400 x 600 mm
Weight	1.5 tonnes
Board thickness	18 mm, 22 mm
Boards per pack	80, 64

When used as part of the EGGER Advanced Structural Flooring System, EGGER P5 is covered by our EGGER Advanced Lifetime Guarantee (See reverse).

EGGER sourcing  
sustainable wood

## Technical specification (in accordance with EN 312)
